נושא: SAR Parent Night - Thank You

Dear Anat and Yoed,

Thank you so much for an inspiring and very memorable presentation tonight! So many parents told me that they really enjoyed your music and were discussing it amongst each other at the dinner. As I mentioned to you, many told me that they wish that you had played longer. I think that a little wine, a little food, and beautiful music go a long way to enjoying a relaxing Saturday evening.

The entire SAR Parent Night Committee is appreciative of you giving your time to benefit the school and were overjoyed with the enthusiastic response of our parents to attend the event. We are certain that the overwhelming attendance was, in large part, due to their interest in hearing you play.

Anat, you played beautifully this evening and are certainly a gifted pianist. I look forward to hearing about your future success in recording. I am overjoyed that my son, Matthew, will get to benefit from your expertise as you teach him this year, and I look forward to the opportunities that it will give us to speak to one another.

Yoed, as I mentioned, we were all impressed with your talent and only regret that we weren't yet exposed to the type of "electric" music for which you are receiving so much recognition. So many parents said that the cello added another dimension to the performance that they don't often get to experience. I have noted your December 1 engagement with "Good Morning America" and are excited to watch it.

I hope you enjoyed the evening and I look forward to seeing you soon.

With much gratitude,

Careena Parker
and the SAR Parent Night Committee
